

Caswell Bay

Here we were at Caswell Bay,
We all know we'll have a great day,
The sun is shining brighter than ever,
We'll all have a bright endeavor.

There it is the bright yellow sun,
We can all tell we'll have some fun,
We see the water coming in and going out,
We are excited to go in and play all about.

I can smell the kelp,
The seaweed green kelp,
And we hear the ocean hitting the rocks
We all feel the stones under our shoes,
and the mesmerizing sea views,

The ice cream tastes amazing and all the Caswell lands,
The bus is here our time is up,
We all had a lovely day,
Here down at Caswell Bay.
