

Dynevor Days

Y6 Leavers Trip Lliw Reservoir

July 2024

Dynevor Days

We were lucky enough to be approached by the Old Dy'vorians, who asked if we would like a donation towards an outdoor project for our Y6 pupils. We were delighted to accept! After lots of deliberations, the pupils decided to cost and plan a trip to Lliw reservoir activity centre. Here they would spend a day completing new activities they had never experienced before. They chose kayaking and paddle boarding on the lake, wall climbing, bush craft building fires and archery.

Due to the generous donation made to the school, the cost of the trip was covered, with pupils contributing towards travel. We are extremely grateful for the opportunity - as you can see from the following pictures, we had a spectacular day!

Thank you!

Dear Dynevor Days,

Thank you for the £2,500 donation to Townhill community school. We used the money to go to Swansea adventure Centre Lliw Reservoir on our leavers' trip, it was on Tuesday 9th July 2024. We used the money for this because it was a fun thing for our last school trip in primary school. When we were there, we did lots of activities such as Bushcraft, SUP which stands for stand up paddleboarding, kayaking, archery and rock climbing, we had a lot of fun. We also thank the anonymous donor. We left school at 8:45am and arrived at 4:00pm.

Yours Faithfully,

Olaoluwa Adeleke

Dear Dynevor Days,

Thank you for the £2500 donation to us, we used money to go to Swansea Adventures Center, Lliw Reservoir.

We did rock climbing, archery, paddle boarding, bushcraft and kayaking. In bushcraft we made a fire, had popcorn and marshmallows. When we did rock climbing, we climbed and helped each other. Archery was fun and difficult to hit the target. Kayaking was fun. We paddled across the lake. Paddle boarding was a peaceful row across the lake.

We went with the whole year 6 year group on Tuesday 9th July 2024. We arrived at 9:30am and got back to school at 4:00pm.

Thank you so much for the money, we are very grateful.

Khalid Al-hagin and Adone Bibin.

Dear Anonymous Donor and Dynevor Days,

Thank you for the £2500 donation so we could go on our leavers' trip. We are very grateful; we will tell you some of the things we did.

First, we got ready to go kayaking and paddle boarding. We played some games in the kayak and some people's kayak flipped over and it was so funny.

Then, we went for lunch, and we saw swans and ducks in the reservoir, and they were flying in the lake.

After lunch, we did bush craft and made a fire with cotton wool, Vaseline, flint and steel. We also roasted marshmallows on the fire.

After that, we did archery and only a couple of people hit the bullseye and loads of people got bows in the forest and it was super fun.

For our last activity we did rock climbing, and it was fun but hard lots of people made it to the top of both levels, but some couldn't do it. I had lots of fun with this activity.

Thank you very much for helping us have the best leavers trip ever we had lots of fun and thank you for giving us this opportunity.

From Evie, Poppy and Sanarya.

We can't say thank you enough for the generous donation received - all of our children and parents are so grateful!
